EDUCATION

Constantine the Philosopher University in Nitra,

Applied Computer Science

2017 – 2021

Nitra, Slovak Republic

The university taught me the foundations of **software development**, problem solving, algorithms, and critical thinking, while giving me **hands-on experience** in programming, architecture and IT systems.

MAIN TECH STACK

React/Next.js 5 years

TypeScript 5 years

JavaScript 8 years

HTML/CSS 8 years

Vue.js 1 year

PHP/Laravel 8 years

LANGUAGES

Slovak Czech

English German

Russian Spanish

Senior Frontend Developer with 8+ years of experience building scalable, production-ready web applications. Specialized in **React, Next.js, Vue.js and TypeScript** with strong focus on **pixel-perfect UI, custom designs and responsive user experience across desktop and mobile.**

- Built fintech, crypto and e-commerce platforms used by **tens of thousands of users**
- Focused on **performance, SEO, accessibility (A11Y) and clean component-based architecture**
- Experienced with **REST APIs and third-party integrations (auth, payments, data flows)**
- Comfortable working with backend systems (**Laravel, Blade, Node.js**) when needed

WORK EXPERIENCE

PHP Developer, Direct Accounting s.r.o.

10/2025 – 03/2026 | Prague, Czech Republic

- Led migration of legacy platform (40k+ users) to **React (Next.js) frontend**
- Built **component-based architecture (Storybook)** with reusable UI components
- Improved **performance, SEO, responsiveness and UX**
- Refactored legacy PHP/HTML UI into **modern, maintainable frontend**

Full-stack Web Developer, CRYPTON DIGITAL, SE

03/2018 – 10/2025 | Nitra, Slovak Republic

- Built and maintained web platforms (30k+ users) using **Laravel, JS and modern frontend practices**
- Developed **reusable UI components and scalable frontend architecture**
- Delivered **pixel-perfect, responsive interfaces** across multiple projects
- Migrated legacy frontend using **React (Next.js) + TypeScript, Vue.js**
- Integrated **REST APIs & third-party services (auth, payments, dynamic data)**
- Collaborated with designers to deliver **clean, intuitive UI/UX**

Mobile Developer, WEXO EUROPE s.r.o.

02/2019 – 10/2025 | Prague, Czech Republic

- Developed crypto-finance app (50k+ users) with focus on **UX and performance**
- Built features like **wallets, staking, exchange and KYC flows**
- Integrated **third-party services (Google Wallet)**
- Contributed to transition from **native Android → Flutter**

Full-stack Web Developer, Freelance

06/2017 – 03/2018 | Nitra, Slovak Republic

- Built custom websites with focus on **frontend, UX and responsive design**
- Created **pixel-perfect UIs** using HTML, CSS, JS and Laravel Blade
- Used **reusable components and structured UI patterns**
- Delivered complete solutions directly with clients
