5 years

TypeScript ●●●●●
5 years

Android/Kotlin ●●●●●
5 years

LANGUAGES

Slovak Czech

English German

Russian Spanish

Full-stack developer with **8+ years of experience** building production **web and mobile** applications. I specialize in **PHP, Laravel, React/Next.js** and **TypeScript**, and have **delivered** scalable fintech, crypto and e-commerce **platforms used by tens of thousands of users**. I focus on building **robust backend systems**, clean **APIs** and maintainable products.

WORK EXPERIENCE

PHP Developer, Direct Accounting s.r.o.

10/2025 – 03/2026 | Prague, Czech Republic

Modernized and optimized a **large** legacy **PHP accounting** platform with more than **40.000 active users**, focusing on **performance** improvements, **refactoring** legacy code and improving **maintainability** within a complex production system.

Full-stack Web Developer, CRYPTON DIGITAL, SE

03/2018 – 10/2025 | Nitra, Slovak Republic

Lead full-stack developer responsible for **building** and **maintaining** custom web platforms used by more than **30.000 users**, using **PHP (Laravel), MySQL** and **JavaScript**. Delivered multiple **production** applications ranging from small websites to **large** long-term projects, including **backend** architecture, **frontend** implementation and **AWS EC2** deployments. Designed and implemented **custom APIs** for mobile integrations and contributed to a platform **transformation** project migrating Android app features to a **React (Next.js) TypeScript** web application. Managed **CI/CD** pipelines and server infrastructure to ensure **reliability and performance**.

Mobile Developer, WEXO EUROPE s.r.o.

02/2019 – 10/2025 | Prague, Czech Republic

Lead Android developer for the WEXO crypto-finance **app** with more than **50.000 users worldwide**. Built and maintained core features including **multi-wallet** support, staking, crypto exchange, **KYC** verification and **Google Wallet** integration using **Kotlin, Jetpack** and **Coroutines**. Later contributed to the platform **transition** from native Android to **Flutter**.

Full-stack Web Developer, Freelance

06/2017 – 03/2018 | Nitra, Slovak Republic

Developed **custom websites** and small web applications using **PHP (Laravel), MySQL, JavaScript** and **HTML/CSS** for local **clients** and **small businesses**. Worked **directly with clients** to gather **requirements** and **deliver** complete web **solutions**.
